BETRAYAL

Theatre Calgary
Modern Classic - Drama

Emma has had a seven year affair with Jerry, her husband Robert's best friend. Ingeniously unfolding in reverse, the nine scenes in the play begin at the end of the affair and move backwards to the moment the lovers first share an adulterous kiss. This love triangle reveals that everyone has something to hide and betrayal has more than one price. Poignant, and often bitterly comic, this play highlights the genius one of the world's greatest modern playwrights.
